PUBLISHED FULL ASSOCIATED PRESS REPORT

Astorian.

COVERS THE MORNING FIELD ON THE LOWER COLUMBIA

VOLUME LVIV. NO. 174

ASTORIA, OREGON, FRIDAY, MAY 5, 1905.

PRICE FIVE CENTS

MORE DEPUTIES

Chicago Rioting Still Continues.

INTERESTS IMPERILED

Sheriff of Cook County Will Take a Hand and Swear in Deputies.

MILITIA PROTECTION ASKED

Chicago Clearing House Association Adopt Sweeping Resolutions Declaring That Riots Are Constantly Increasing in Fury and Violence.

Chicago, May 4.—Sheriff Barrett of Cook county will take active control of the strike situation. So much pressure has been brought to bear upon him and upon Mayor Dunne by men who believe their interests are seriously imperiled by constant rioting in the streets, that the sheriff was compelled to swear in a large force of deputies and take active steps to do away with the present disorder. It is believed that 3000 deputies will be enrolled by tomorrow evening.

A committee of prominent business men, headed by John Shedd of Marshall, Field & Co., today took steps to lay the situation before the governor and declare that conditions are such that military protection is imperative. The Chicago Clearing House Association this evening adopted sweeping resolutions declaring that the riots were constantly increasing in fury and in their opinion the troops should be called out. The sheriff has determined to take the situation in hand himself, declaring that until he has used every effort at his command to restore order he will not be justified in calling for the militia.

Mayor Dunne for three hours this afternoon rode through the downtown streets in a buggy and on his return to the city hall declared that he had seen no violence and believed the police were fully able to cope with the situation.

Notwithstanding constant fighting in the streets and the numerous attacks made upon non-union men, the large dry goods houses and wholesale grocers tonight reported that they had steadily made progress and increasing their shipments. The express companies were interfered with but little, and much progress was made toward relieving the congested situation at the various railroad stations.

There was less disturbances today in the wholesale district but fighting was on with its usual persistence and viciousness in the heart of the fashionable shopping district. A number of non-union men were clubbed and beaten and their wagon guards and police retaliated with vigor upon the strikers. In every instance the crowds were dispersed after a brief scrimmage.

The number of injured was from all accounts about the same as that of the last two days. About 30 or 40 men were cared for at the various hospitals and there are full as many more who received medical attendance and whose names are not known to the police.

A fruitless conference was held by the strike leaders and Levy Mayer, attorney for the Employers association this afternoon. President Shea, replying to Mayer's questions on what terms he would call the strike off, said only on the reinstatement of the old men. Mayer refused to accede and Shea responded by asking if the employers refused to discharge the negroes imported by the hundreds and take back the white men. Mayer said that as long as the teamsters do their work they will not discharge whether white or black.

"That is an outrage," said Shea. "You have brought these negroes in here to fight us and we maintain we have a right to attack them wherever found."

"Then you do so at your peril," retorted Mayer.

Shea said he wanted the union strikers reinstated, after which the employers would be asked to arbitrate the underlying differences which had brought about the strike. Mayer's reply was:

"Under no circumstances will we discharge any men brought here to take the places of the strikers. We have nothing to arbitrate. We assert our right to use the public streets for the transaction of our rightful business and the right to employ teamsters, black or white, at our discretion." This ended the conference, and the labor leaders took their departure.

CLOAK MAKERS ORGANIZE.

Not Intended to Antagonize Union Labor Organizations.

New York, May 4.—The first cloak and suit manufacturers association formed since 1894, when there was a general strike and lockout of cloak-makers, involving 18,000 men and women, has been organized on the open shop basis.

In the new organization are 58 firms, with an aggregate capital of \$20,000,000. Those interested disclaim any antagonism towards unions but propose to further arbitration and universal peace in their trades.

RAILROAD CONGRESS.

Formerly Opened in Washington by Chas. W. Fairbanks.

Washington, D. C., May 4.—The seventh session of the international railroad congress was formally opened today by Vice President Charles W. Fairbanks.

The opening ceremony took place in the ball room of the new Willard hotel and was attended by nearly 500 delegates and as many of their friends. Every railroad of importance in the world was represented.

DIAMOND NECKLACE

Lost by Mrs. W. K. Vanderbilt in Florida Has Been Recovered

VALUED AT FIFTY THOUSAND

Was Stolen by a Baggageman on a Florida Railroad and is Captured by Detectives and Confesses Guilt and to Many Other Robberies.

New York, May 4.—Dispatches received from St. Augustine, Fla., state that a diamond necklace, owned by Mrs. W. K. Vanderbilt and valued at \$50,000, the loss of which had been kept a secret, has been recovered. As a result of the investigation, several baggage-men on one of the Florida lines have been arrested.

Mrs. Vanderbilt's necklace was stolen on her recent visit to Florida. With other jewels it has been placed in her trunk by a maid. When the trunks were opened no trace of it could be found although nothing else was missing.

The first baggage-man arrested made a full confession as to the rifling of trunks, and told of disposition of a large amount of jewelry, but declined to say what had been done with Mrs. Vanderbilt's property. His sweetheart was shadowed and finally caught at a beach resort wearing the diamonds which she thought were merely paste. She surrendered the property at once. Search of the baggage-man's home is said to have revealed many other jewels taken from trunks, some reported missing three or four years back.

President Hunted.

Glenwood Springs, May 4.—The president hunted today from the old camp on the west divide. The party was forced to move because of the bad condition of the mountain trails. An early start will be made tomorrow for Gardiner camp, which will probably be the last camping place.

Russian Squadron.

Singapore, May 4.—The Russian naval division passed Singapore in semi-darkness and haze at 2:30 this morning. Six warships and four colliers were sighted.

MORE TROUBLE

Trouble Predicted in All Russia.

COSSACKS IN READINESS

Extensive Preparations Made for Monster Demonstration on May 14.

PREVENTION BY GOVERNMENT

Catholics Were Fired Upon at Lodz. Some of the Bullets Entering the Church—Policeman Found Alone, Was Nearly Beaten to Death.

St. Petersburg, May 14.—Undeterred by complete order which prevailed in St. Petersburg today, May day, according to the western European calendar, the line of a demonstration and disingenuous with plans for a great demonstration on May 1st, which, according to the Russian calendar falls on May 14. Doubt is expressed in well posted liberal and industrial circles of their ability to accomplish much in the line of a demonstration and the disorder which they desire. Proclamations were issued today announcing a number of parades in various quarters of the city, convening at a central point. It is also the declared intention of offering armed resistance if the police or troops endeavor to disperse the parades.

FRENCH NEUTRALITY.

All Rules of War Disregarded by the French Government.

Tokio, May 4.—The press of this city continues its sharp criticism of the French neutrality in Indo-China waters, and expresses surprise and indignation at what it described the elasticity of France's pledge.

The Jiji urges the government to adopt independent action for the protection of the national interests, and insists that the responsibility for the extension of hostilities to the Russian fleet must rest upon France. It is understood that the Japanese government has addressed France on the question of her neutrality, but the nature of the correspondence is unknown.

MORE LABOR MOBS.

Starch Workers in Troy Object to Introduction of Machines.

Troy, N. Y., May 4.—A crowd which at times number four or five thousand persons, surrounded the collar factory of Cluett, Peabody & Co. yesterday, where a strike had been inaugurated by the collar starchers. Disturbances were frequent.

Those still at work were kicked and beaten as they entered or left the factory and several workers had their clothing torn off. Police and deputy sheriffs were overpowered and there was talk of calling upon the government for aid. The strike is against alleged cuts in wages and the installation of starching machines.

AUSTRIAN CONGRESS.

Lower Houses Have Met After the Easter Holidays.

Vienna, May 4.—The Austrian and Hungarian lower houses have again met after the Easter holidays, the former for important work and the latter to discuss the program. The situation in Hungary has experienced no improvement since April 15. Budget has not been passed and consequently taxes are being collected without authorization. The recruiting bill and other needful legislation is delayed.

The Austrian lower house takes up at this session the second reading of the new Austro-Hungarian tariff drafted and made public three days ago but only now coming to debate in the house.

The new commercial treaty with Germany as well as the pending treaties with Italy, Russia, etc., which must

become operative March 1, 1906, are based thereon. The possibility of Hungary's deciding to establish an independent national tariff also greatly augments the necessity, from the Austrian standpoint, of the passage of the new tariff.

SOLEMN PROCESSION.

Preparation; Escorting Spirits of the Dead for Burial.

Tokio, May 4.—A solemn procession, escorting the spirits of the dead soldiers and sailors opened the enshrining ceremonial at the Shokonsha temple today. The impressive Shinto ritual was followed by the throng that filled and surrounded the temple, including thousands of relatives of the dead. High officers of the army and navy, a large force of troops, and 1400 soldiers from Yokosuka, were present at the ceremonies, which will be practically continuous until next Friday night.

The emperor and empress will not attend tomorrow on account of indisposition. Prince Fushimi will represent their majesties upon that occasion.

Lodz, May 4.—A terrible riot occurred at the church of the Holy Cross yesterday. When a number of Roman Catholics around the edifice began singing revolutionary songs a Cossack patrol came up at a gallop and began firing into a crowd of people huddled on the church steps. Some of the bullets entered the sacred edifice, striking the altar. Seven persons were killed. A panic inside the church followed and many people were injured in the rush for the doors.

After the crowds had dispersed workmen in groups fell upon a member of the secret police who was found alone in the streets, and he was nearly beaten to death before rescued.

BUSSINESS CRIPPLED

Transportation Companies Are Affected the Teamsters' Strike

SOME BOATS TO BE LAID UP

Wholesale Merchants of Chicago Deny Reports of Inability to Supply the Trade, but Prompt Shipments Are Made to All Their Customers.

Chicago, May 4.—The efforts of the teamsters strike have reached the lake transportation companies and seriously crippled the large freight business which usually is done at this time of year. Owing to inability to have goods transferred from the railroad depots to the docks, all the principal steamship lines either have abandoned or curtailed their services.

A. M. Compion, chairman of the ways and means committee of the Chicago commercial association, has issued a special notice to members with reference to orders and shipments. The notice reads:

"Exaggerated reports are being circulated throughout the country to the effect that the commercial facilities of Chicago are handicapped by reason of a strike of union teamsters.

"To the end that the commercial interests of Chicago may not be injured by this exaggerated report, the members of this association are requested to notify the traveling salesmen and the trade generally of the fact that orders are being received and filled promptly. Shipments are being made as usual."

SEPARATE SCHOOLS.

Issue Involved in the Ottawa, Ontario, Government.

Ottawa, Ont., May 4.—The first test vote on the northwest autonomy bill has been taken in the house of commons. It resulted in a victory for the government. The question of separate schools for Catholics of this territory, which is to be subdivided into provinces, has become the paramount issue in drawing up the constitution for the new provinces and has created intense interest throughout Canada.

The government whip favors separate schools, and is sustained in the vote by a majority of 81.

CLOSING HOUR

Dramatic Scenes in Patterson Case.

SURE OF AN ACQUITTAL

Resume of the Final Proceedings in Court of Murder Case.

INDICTMENT TO BE QUASHED

District Attorney Will Not Attempt to Try the Case Again and Nan Patterson, Who Has Had a Strenuous Time of It, Will Be Discharged.

New York, May 4.—Dramatic in the extreme were the closing scenes, early today, of the Nan Patterson trial before Recorder Goff, on the charge of having murdered Frank T. Young, the well known turfman and bookmaker in a cab last June.

When the foreman had finally assured the court that there was no possibility of reaching an agreement, the prisoner was in a dead faint. At 2:27 o'clock a. m. the recorder declared the jury discharged and ordered Miss Patterson returned to the Tombs prison. She was carried out in a chair by several attendants and became almost unbearable. The jury had fled into the court room, the recorder was on the bench.

Assistant District Attorney Rand was restlessly pacing back and forth and Attorney Levy for the defense eyed the jurymen with the keenness of hope or despair, but the central figure of the tragedy was nowhere to be seen.

For a moment the recorder did not notice her non-arrival and was about to ask on the jurymen for the verdict. Informing that the prisoner was ill, Mr. Goff declared the court could not proceed; that she must be present. The minutes dragged slowly along. Ten of them passed and the defendant appeared, looking heavily on the arm of a deputy sheriff. She showed more strength than even her lawyer had hoped. In the waning of the bridge of signs she had heard the shouts of the watchers below and seemingly every voice was attuned in her favor. Upon reaching the dock she grasped the railing for support, and gazed fixedly at the jurymen. When they announced their failure to agree and were sent back for further consultation, she almost collapsed and practically had to be carried from the room.

At 2:15 o'clock the same scenes were enacted. Miss Patterson was then in a state bordering on collapse. She trembled like a leaf when the jury fled in the second time and when the foreman finally made a personal poll of the jury, announced that its members were fixed in their opinions and the formality of the discharge had been completed she was in a dead faint. As the final curtain fell, strong court attendants lifted the chair in which the unconscious woman sat and carried it away to the hospital ward of the prison. Physicians were hurriedly summoned but she could not be revived by ordinary methods. The prisoner's aged father and the doctors had a hard time restoring consciousness. When told of the result she smiled faintly. In the streets below thousands of persons, held back by mounted police, cheered the news, but were somewhat disappointed. They evidently favored the young woman and had expected her acquittal.

Various rumors gained currency as to how the jury stood. Information received by the Associated Press is that the jury stood seven to five in favor of acquittal.

It is certain that the former show girl will be given her liberty on nominal bail and that the indictment will not be returned. The jury disagreed, and once there was a mistrial owing to the collapse of a juror. In the court annals of the city nothing has yet ap-

proached the tenacity of the climax in the Patterson case. When Recorder Goff was summoned to court soon after 1 o'clock the room was filled with spectators, two of whom were women. Only these possessing permits were allowed to enter, but in the streets surrounding the Tombs and the court house were thousands awaiting the outcome. With their eyes riveted on the bridge leading from the prison they watched for a possible glimpse of the prisoner, who they hoped, might pause at a window momentarily should she be called to court. Mounted police kept the people in order maintaining a passageway for the street cars.

When the recorder reached his desk and ordered the prisoner brought from her cell the nervous tension in the was apparent. Her father clasped her in his arms, chafed her cheeks and called her names repeatedly but she did not utter a word. Finally, after nearly 20 minutes she became semiconscious and then ten minutes later was able to speak.

No positive steps were taken today toward having Nan Patterson released on bail, it being agreed that it would be better for the girl to remain quietly in the tombs for rest after the ordeal she underwent last night. The alarming reports circulated today about her condition are not well founded as it is stated tonight that her condition is practically normal. She shows the effects of her trial, but is far from a real breakdown. There is much speculation as to what course the district attorney will pursue with reference to the trial of J. Morgan Smith and wife on the charge of conspiracy, and what effect the testimony will have upon a possible fourth trial for Miss Patterson.

Dr. William Hammond Dead.

San Francisco, May 4.—Dr. William Hammond, a pioneer physician of this city, is dead. He was a native of Maryland and 50 years of age. He was the uncle of John Hays Hammond and William Hammond Hall. At the time of the famous Terry-Broderick duel he officiated as one of the surgeons.

WARSAW IS QUIET

Only a Few Minor Disturbances Occurred.

POPULAR UNREST CONTINUES

Forty-One Persons Have Died as a Result of Injuries Received in the May Day Strike and Thousands Gathered Around the Hospital of the City.

Warsaw, May 4.—With the exception of a few minor disturbances the day passed off quietly. Crowds gathered here and there were quickly dispersed by the troops armed with whips and several persons were seriously injured. Great popular unrest continues and is being increased by the wagon crush of the soldiers. For instance, a 10-year-old boy jeered a Cossack who pursued him and cut him from his shoulder to his waist with one blow of his sabre.

Large crowds continued to gather around Jesus hospital in Jerusalem street, where 41 persons have died as a result of injuries received in the day's disturbances. The people wish to prevent a secret burial by the police. A strong force of police is necessary to maintain order.

FISHING PRIVILEGES.

Refused Permission to Erect Fish Traps in Victoria.

Victoria, B. C., May 4.—The question of provincial and federal rights with regard to fishing privileges has arisen in a case brought before the supreme court by B. I. Short, who has been refused permission to erect salmon traps on the Foreshore fronting Victoria, although he has been given a federal license covering the establishment. The refusal by the provincial officers was on the ground that the site was outside the territory decided upon as open for traps. The British Columbia officials contend the rights for the province are not confined to the foreshore above low water mark, but beyond; but how far is not stated. The Dominion right to grant licenses is not contended.
